REPORT OF BOARD OF HEALTH.

Two cases of typhoid fever have been reported during the year, and four of diphtheria, one of which proved fatal.

The typhoid cases were both at the Center, and one was undoubtedly contracted in Manchester.

The diphtheria cases were all in one family at the West Village, and were caused by defective drainage of sink and the condition of the outbuildings and yard.

With these exceptions, no contagious disease has existed, and health has generally prevailed.

We have been called upon to examine four complaints for nuisances, in each of which the cause of complaint was remedied. Also, one case of suspected glanders.

We would call the attention of those interested to the absence of proper accommodations in connection with our church buildings, and to the untidy condition of the outbuildings connected with the schoolhouses. Some of them could hardly pass an official examination.

REPORT

OF THE

TRUSTEES OF ROGERS FREE LIBRARY.

We are glad to notice an increase in the number of patrons of the library. The delivery of 1,381 more books this year than last is further evidence of a growing interest. None of the books have been lost, and their condition indicates careful usage.

Miss Johnson has held the position of librarian from the beginning. Every book has been covered, marked, numbered, and placed in position under her supervision. She knows the locality of each, and has some knowledge of its contents. This enables her to meet promptly and intelligently the demands of the reading public. Her efficient work entitles her to our commendation and to the good will of every patron of the library.

Her report and that of the treasurer accompanies this; also, a list of the books purchased and donated during the year.

SAMUEL UPTON,
For the Trustees.

REPORT OF THE TRUSTEES OF CEMETERIES.

The trustees of cemeteries would submit the following report for the year 1895:

No public improvements have been made this year in either yard aside from the usual mowing over and general care. The owners of lots manifest a greater interest and care of same. A greater outlay of time and money is each year noticed, and plans are being matured that those desiring can have their lots under perpetual care. The suggestion has been made to the trustees that the tomb at the village yard be so arranged as to admit a casket without removing the same from the box, or else remove the entire structure to the highway where it can be reached with less difficulty.

REPORT

OF THE

BOARD OF EDUCATION OF THE INDEPENDENT DISTRICT.

We have had 36 weeks of schooling during the year — three terms, two of 11 weeks each and one of 14.

Mr. McDougall has had charge of the high school and has sustained the character of the school.

Miss Loughead in the grammar, Miss Estes in the upper primary, and Miss Warren in the lower have maintained their former reputation as teachers. Miss Josie Paige began her work in the intermediate school with the fall term and has met our expectations. The year has been a pleasant and profitable one. No complaint has come to us from any source. Teachers and scholars have worked in harmony and the parents have exercised forbearance and helpfulness. At the close of the school year a class of five graduated,— Frank C. Moore, May Emily Fletcher, Maude G. Carlton, Phenie Love Jones, and Blanche Neva Lord. Mr. Moore is pursuing his studies, preparing for college at Exeter, Miss Carlton is at the Normal School, and Misses Fletcher and Jones are teaching.

Dr. George and Dea. White of the committee gave a reception to the graduating class, which was fully attended, and a pleasant evening was spent.

The graduating exercises were held in the town hall, were fully attended and highly commended. The essays bore evidence of thought and careful preparation.

It takes twelve years to complete the course of study in the schools. When this class entered the school twelve years ago there were undoubtedly twenty members. Five graduate. Where are the fifteen? Some of them never entered the grammar room. Some who entered there failed to enter the high school, and of those who entered here, every year has seen one or more drop out. Is twelve years too long a time to prepare a child for the duties of life? They enter at five years of age and would graduate at seventeen. Four fifths of our children do not remain that length of time and do not receive the full benefit of our school privileges.

Of those who graduated this year, four were girls, one a boy, and this is about the proportion from year to year. As many boys as girls enter the school. Four times as many girls as boys graduate. Where are the boys? This is not an encouraging outlook. The boys of today are the men of tomorrow. From them are to come the preachers, the teachers, the statesmen, and the men of business; from them, also, the recruits for the army of the drunkard, the inmates of poor-houses and prisons, and the victims of the gallows. Today the boy is forming the man. Shall that man be the one or the other? No father can ask himself a more serious question than this, Whither is my boy tending?

We need the boys, the country needs them, and needs them of the highest type. Its destiny is soon to be in their hands. They are to frame its laws, develop its resources, carry forward its educational privileges, sustain and advance its moral and religious character,— in fine, perpetuate and transmit to the future the privileges, advantages, and blessings we and our fathers have struggled to win. How are they being prepared for their duties? Not only ought more scholars to graduate from this school, not only ought more boys to be among those graduates, but more of our young people should enter the higher institutions of learning. We should have more scholars pursuing the classical course and more graduates from college. Take a few facts from the last report of the state superintendent: Amherst, with 25 in its high school, has 13 in the languages;

Antrim, with 30, has 25; Henniker, with 37, has 27; New Boston, with 19, has 12; Goffstown, with 38, has 5. Throughout the state 50 per cent of those in the high schools are in the classical course, in Goffstown, 13 per cent.

Since 1820 Dartmouth College has graduated 20 students from Dunbarton, 22 from Bedford, 7 from Goffstown. Dunbarton has a dozen living graduates, New Boston has 6 or 8, Bedford as many, Goffstown 2, and yet Goffstown has a larger population and more wealth than either of the towns mentioned.

Goffstown is not wanting in bright promising boys and girls, and they should be among the leading men and women of their day. They will be if right influences are exerted and proper encouragements given them.

There is a promise of better things. Two of our young ladies have within the year graduated from the Normal School and one has entered there. One has graduated from the academy at Ashburnham, another from Wellesley College. One young man has graduated from the scientific department at Hanover. Two are in the college. Two are pursuing a college course at Exeter. Instead of one boy to graduate from this school next term there is the promise of three, and instead of five in the languages the next report will give fourteen. Such results are encouraging and we hope this interest in education may continue.

REPORT OF THE SCHOOL BOARD OF THE TOWN SCHOOL DISTRICT.

With the close of the school year it is expected that the committee will report the conditions of the schools.

If our school laws are changed a few more times we shall not know when or how to make our school reports. The committee have endeavored, as in years past, to procure the best teachers we could get for the amount of money that we had to expend. We often find teachers who do first-class work in one district, but if removed to another they do not succeed as well. It may be the fault of the teacher, but we think it is more the fault of the parents. If they allow their children to remain at home and play on the street until after school commences, they should not expect very good results. We wish the parents would all have interest enough in their children to attend the school meetings and to visit the schools, at least once each term. Our schoolhouses are most of them in a very comfortable condition. We have placed new furniture in the one on Tibbetts Hill the past year. The one on the mountain and at Parker's need some repairs the present year. Our teachers have been devoted to their work, and if some have failed to obtain the best results, it has not been for lack of effort or good intention. We have made criticisms and suggestions only in matters which seemed vital. We wish to tender our sincere thanks to the citizens, teachers, and scholars of the town for their kindness and co-operation.

NO. 2.

Spring and fall terms were taught by Emma D. Todd, an experienced and faithful teacher. The winter term was taught by Miss Eva B. Blaisdell, whose success as a teacher is assured.

PERFECT ATTENDANCE — *One term:* Helen Pierce, Sophia Kraus, Gustave Kraus, and Winnifred Pratt.

NO. 3.

Winter term was taught by Susan M. Roberts. This was Miss Roberts's first attempt as a teacher. Those who attended school to study made good progress.

PERFECT ATTENDANCE — *One term:* Horace Roberts and Shirley Roberts.

NO. 4, KENNEDY HILL.

All three terms taught by Miss Lura H. Parker. This was a continuance of her good work in this school, and the progress made was very satisfactory. Where the teacher, scholars, and parents work together good results are sure to follow.

PERFECT ATTENDANCE — *One term:* Annie Eva Kendrick, Horace Roberts, Cora E. B. Kendrick, and Charlie Kendrick.

MAST ROAD.

The three terms were taught by Miss Mae B. Tirrell, a graduate of the State Normal school. We seldom see better results in so small a school — thorough work, excellent progress, and good discipline.

PERFECT ATTENDANCE — *Three terms:* Willie W. Plumer, Arthur B. Cranshaw, Lawrence Cranshaw.

Two Terms: Ernest K. Barnard, Frank W. Bartlett, Sadie A. Cranshaw, Alfred H. Duckworth.

One Term: George R. Cranshaw, Ruth H. Bartlett.

NO. 7, EAST PART.

Spring term taught by Miss Clara A. Greer, an able and experienced teacher, who always gives satisfaction.

Fall and winter terms by Miss Phenie L. Jones. This was her first experience in teaching, and we think she endeavored to

do her duty to the school. She is finely qualified as far as education goes, and with more experience and a firmer discipline will rank with the best.

PERFECT ATTENDANCE — *One Term:* Norris G. Wheeler, Mabel Wyman, Herman F. Merrill, Frank E. McCrillis.

NO. 8, TEBBETTS HILL.

Spring and winter terms, Miss Minnie A. Richards, teacher. Fall term by Miss May E. Fletcher.

We hardly know what to say in regard to this school. We believe the teachers were both qualified and willing to give good work and good results to the pupils under their charge, but their labors were not appreciated as they ought to have been. As a general thing, we do not advocate extreme measures, but in this instance we honestly believe that a good general application of the "oil of birch" or "extract of witch hazel" would be of lasting benefit, and shall recommend its adoption.

PERFECT ATTENDANCE — *One term:* Willie H. Straw, Ethel G. Cleveland, Albert M. Greer.

NO. 9, GRAMMAR.

All three terms were taught by Elizabeth M. Eaton. The scholars made good progress under her instruction. If the parents would see that their children were in school instead of idling their time away in the streets, better results would be obtained.

PERFECT ATTENDANCE — *Two terms:* Anna R. Copp, Edith P. Sweetser, Guy S. Hall.

One term: Ida B. Merrill.

NO. 9, PRIMARY.

All three terms were taught by E. Lillian Colby. This is one of our most interesting schools, the scholars seem to put so much life into their work. They have made good progress in their

studies, there being quite a class to enter the grammar grade at the commencement of the spring term.

PERFECT ATTENDANCE — *Three terms:* Florence Greenwood, Leona Greenwood, Mabel Ames.

Two terms: Guy Annis, Alonzo Perkins, Willie Merrill.

One term: Maurice Greenwood, Ina Merrill, Mina Lord, Menta Libby.

PATTEE HILL.

The spring term was taught by Miss Mary E. Clay, who has had considerable experience in teaching. Her firmness and thoroughness in school work produced good results.

Fall and winter terms were taught by Miss Mabelle E. Porter. This was Miss Porter's first experience in teaching. Rarely do we see so high educational attainments and social qualities joined with that peculiar power of leading others and imparting knowledge to them. The examination was good.

PERFECT ATTENDANCE. — *Two terms:* Fred E. Richardson, Leigh F. Woodman, Carl B. Pattee, Edith W. Tenney.

One term: Lena M. Davis, Myra T. Whipple, Jennie B. McLean, Roy A. Whipple, Richard H. Libbey, Fred E. Stinson, Henry H. Woodman.

PARKER'S.

All three terms were taught by Miss Alice Richards. Miss Richards is an experienced teacher and ranks high in her field of labor. The examinations showed a good degree of progress.

PERFECT ATTENDANCE — *Three terms:* Ralph H. Hoit, Walter Emerson.

Two terms: Eva R. Bailey, Charlie Bailey, Maud F. Story, Jessie L. Whipple.

One term: Ida M. Foote, Willis F. Emerson, Lorna H. Brown, Harry C. Colter.

NO. 12, PAIGE HILL.

Spring term, Miss Blanche B. Whipple teacher. Miss Whipple has taught this school quite a number of terms, and always with success.

Fall term, Miss Minnie A. Richards teacher. This term, the schoolroom was crowded and the scholars correspondingly uneasy. The school appeared well at the examination and the progress made was evidently good.

Winter term, Miss May E. Fletcher teacher. Miss Fletcher secured the love and respect of her pupils from the first, and a pleasant and profitable term was the result.

We take pleasure in visiting this school, and especially in its examinations. We generally meet the friends in large numbers here, who thus testify their interest in the welfare of their children. We wish the parents and friends generally would do likewise.

PERFECT ATTENDANCE — *Three terms :* Arthur A. Poore.

Two terms : Flora A. Paige, Florence E. Paige, G. Harland Gilmore, Nettie J. Hammond, Bertha R. Paige, Bertha M. Poore, Lena M. Poore.

One term : Frank Davis, Edwin A. Waite, Alice I. Z. Putnam, Oscar E. Merrill, Roy A. Whipple.
